

THE RANKING SCORE SURVEY

<p>Score the suitability of the given instructional design models between 0-3 according to the following items.</p> <p>0: Absolutely not suitable. 1: Partially suitable structure. 2: Moderately suitable structure. 3: Suitable structure.</p>																
Suitability for engineering education																
Suitability for virtual laboratories studies																
Suitability for technology integration																
Suitability for project-based work																
Suitability for active learning strategies																
Suitability for students with any disability																
Suitability for interdisciplinary design																
Suitability for cross-cultural practices																
Suitability for student feedback																
Suitability for instructor feedback																
Suitability for assessment and evaluation																
Suitability for reusability
